

MasterLine®

By Univar

MasterLine® Bifenthrin 7.9 is an odorless, non-irritating to skin, non-phytotoxic residual that will give you superior, long lasting control. The active ingredient, bifenthrin, not only has a wide range of pests controlled but is approved in key indoor and outdoor areas such as residential, industrial, commercial and food-handling areas.

With MasterLine Bifenthrin 7.9 Insecticide, you can have peace of mind the job will be done effectively and with long-lasting control of even the toughest general pest and termite jobs. Best of all, you get solid support from Univar on every MasterLine product.

INDOORS

Expect tough reliable protection on general household pests, ants, flies, spiders, cockroaches and bed bugs with its broad spectrum label and proven success. Other indoor job sites include: (kitchens, restaurants, industrial or commercial locations, even supermarkets and food processing plants.)

OUTDOORS

Count on effective and long-lasting defense for perimeter jobs with MasterLine Bifenthrin 7.9. Whether used for ants, fleas, mites, or other perimeter pests, MasterLine Bifenthrin 7.9 will give you the results you need.
