

MasterLine®

By Univar

MasterLine® I MaxxPro® 2F is two pounds of AI per gallon that is a non-repellent, odorless, high quality liquid imidacloprid termiticide/insecticide that provides a proven barrier or zone around structures. Its unique chemistry binds to the soil and does not easily move. MasterLine I MaxxPro 2F provides long lasting, proven protection of structures as well as superior control of ants.

New MasterLine I MaxxPro 2F is perfect for smaller jobs and applications where a liquid is preferable.

I MaxxPro 2F combines the convenience of a liquid formulation in a 27.5 oz container and the proven efficacy you've trusted in MasterLine I MaxxPro. Best of all, you get solid support from Univar on every MasterLine product.

FEATURES

Handy 27.5 oz bottles are ideal for smaller tanks such as 4-gallon backpack sprayers. Using 1 full bottle will make 100 finished gallons.

Improved performance in many situations as a non-repellent alternative to pyrethroids

Excellent control of termites and many ant species

Can be used as an adjunct to stand alone borate pre-treats

Patented On-Wood Use

5-Year Guarantee
